I have worked within the TV industry for over seven years. Skills range from working within Photoshop, Illustrator, Premiere Pro, set design/dressing, including prop making and costume design. I manage budgets, PO payments, liaise with production on clearances, and organise/execute photoshoots for action/dressing props. Experienced in both World War periods and contemporary computer/phone animation graphics.

Experienced with working in both studio and design departments within film, television and themed attractions.

Full, clean driving licence.
